

## **Seminarium Astrofizyczne**

wtorek 19.11.2019 godz. 12:30  
ul. Pasteura 7; sala **404**

### **Radosław Stompor**

(CNRS, AstroParticule and Cosmology Laboratory, Paris, France)

### **Unveiling the Universe's origins with the CMB polarization**

I will discuss how we can use CMB polarization to gain a unique insight into the Universe's beginnings and how telltaling signatures can be detected.

Serdecznie zapraszam,  
Agnieszka Majczyna
